Dear Friends of Zion:

Wishing you a Happy Hanukkah, Merry Christmas, and Blessed New Year, we thank you for continuing to provide prayer and financial support for our ministries.

The first service of TBI (Templo Batista de Indianópolis, our first church) in their new building was held on the last Sunday of November, even though only the ground floor was ready for occupancy. While researching past prayer letters and documents for writing a short history of the church at Pastor Marcos's request, we found a sketch of a projected seven-story building, drawn in 1986 by a young architect, Kátira, as she was finalizing plans for our first church building. She is now with the Lord. The actual building is almost identical—built nearly 40 years later at a new, better location, free from the floods that tormented the church frequently at the original site. The ideal is to have schools at the church, which will require two or more years to obtain government permission.

By the way, the first offering for a multi-purpose church building was given in 1968 when we were in a little store front, rented for services and used during the week to house three young men who were preparing for the ministry. A little girl interrupted my sermon as I was preaching about the multi-ministry church we dreamed of. She handed me an old, ragged cruzeiro note worth about 2 ½ US cents. "What is this?" I asked her. "To build that big church you are talking about!" she said. Built on the faith of a little child who gave all she had, that building is now a miraculous reality. May God continue to bless.

Yours for the Messiah,

Tom & Linda
