Dear Partners in Ministry,

**Because you prayed-**We want to thank you for your prayers regarding my cancer. In January, I had four major spots removed from my neck and shoulders. Two of them showed signs of active melanoma. One of the areas extended from the base of my neck, almost touching my spine. The procedure was, in medical terms, successful. However, I will be taking chemotherapy for about three months. We are hoping that the chemo will eliminate the need for another procedure.

**There are three goals for chemotherapy:**

1. Elimination of any "rogue" cells hiding dormant
2. Avoidance of future complications
3. Most importantly, enabling me to continue on the mission field without any major interruptions for treatment.

As of January 9<sup>th</sup>, I have resumed services on a regular schedule at Island Baptist Church. In the last month, we have had several new visitors and one request for a personal Bible training course. We expect to begin a more concentrated outreach to the community in the immediate area of the building.

**Please pray about these things-**The chemotherapy is quite a drain emotionally and physically on David, but we are praying that we can continue uninterrupted ministry here in Belize. Please pray for Angie and the adjustments to everyday life that are connected to helping David during this time. Although we have been able to continue services and construction, we want to be mindful of Angie's health as well.

*Thank you for your prayers and support,  
David and Angie Harper*

*Serving in missions since 1998*
