### Abuse Beyond Understanding

“ Pure religion and undefiled before God and the Father is this, To visit the fatherless and **widows** in their affliction...” James 1:27

Last month more than 400 elderly men and women were removed from a facility in Oradea, Romania. I personally never investigated the government’s accusations. The pictures that were released by several government agencies, were alarming.

These displaced elderly men and women have no place to go. Medical tents were erected by county officials to house these precious seniors. **We must do something!** We are in the process of converting one of our homes to assist ten widow ladies. Our foundation has been approved. Our facilities must be altered to accommodate their disabilities. Please pray that God would touch hearts for this need. Our budget for this project is 15 to 18 thousand dollars.

### Preparing For The Harsh Winters

The winters here in Romania can be brutal. Heating our five homes for our orphan and abandoned children can be challenging. We must purchase wood before October so that the wood can dry.

The cost for a half truck load of wood is 400.00 dollars. We need twenty loads. Our budget is usually challenged for this expense.

Our heating system is a hot water boiler unit. The wood is used to heat the water which is distributed to radiators.

### The Village Of Hope Is Growing

We are in the process of bringing two sisters to our homes. Ana is seven and her sister is three year old. Both were abandoned by their mother. We are grateful for all of our supporters. We have been caring for children for 27 years! Our Lord Jesus Christ has graciously supplied all of our needs during these wonderful years.
