From your heart to the world...Hope is born

Horizon of Hope Ministries Romania/ Ukraine Dr. Marvin and Carol Lane 12/25 issue

## Celebrating God's Blessings

In 2026, Carol and I will be ministering in Romania for thirty-three years. Our hearts are filled with joy as we consider the blessings of God. It is amazing how the Lord supplied all of our needs throughout the years. The responsibility of caring for our dear children at the Village of Hope at times seemed overwhelming. **Looking back enables us to look forward with confidence in God's provisions**. In the early days of caring for 120 Ukrainian refugees, the budget was 21,000.00 a month besides our regular budget of 8,000.00. **God in His grace met every need!**

## Prayers Answered

In August, we asked for prayers that God would supply twenty trailer loads of wood. The total cost would be 8,000.00 dollars. God touched the hearts of His people. The need was met! The winter has been usually cold. We had temperatures in the teens. We are so thankful for all who contributed to this need. We are at the foothills of the Carpathian Mountains. The temperatures can drop rapidly.

## Faithfully Serving The Lord

Joanna Noggle has been such a blessing to our children at the Village of Hope. Her and her husband, Russ who is with the Lord, had supported our foundation in various projects for many years. In her 80's she is still involved in ministering to children in Romania and Moldova. Our children enjoyed the day camp that her and her team provided. Her dedication is an inspiration to our staff.
