

The Mead Family

Celebrating 20+ years in missions

OCTOBER 2026

This morning, Malick Diop told me he had just led a young woman to Christ who had been following our teaching online. She wants to be baptized, but since there is no church in her area, we will either visit her or bring her to our city. Please pray that God will call someone to start churches in places like hers, where people are responding but there is no gospel witness.

visit our new website for free resources on Islamic Evangelism

Several years ago, we began praying for a French-speaking family from a developing country with church-planting and Bible institute experience to join our work. God answered through a Haitian couple who chose our city before they even knew we were there. They have overcome many obstacles and purchased their tickets. We also thank God that the funds needed to complete the apartment they will move into have almost fully been raised. We will launch Phase 2 of our building project soon, and I will share the details in our next update.

We enjoyed our first meeting ever in Texas.

Mike and Terrie Carson will arrive in The Gambia in November. Please pray for a smooth transition. Pray also for Lawrence, who is seeing many visitors in his Bible studies there. I look forward to visiting in December to evangelize and equip more believers to reach Muslims.

Preaching from I Samuel 14

Please pray for Christophe, our national partner in Guinea, who is seeing many people saved and added to the church. We are grateful for the churches that support national pastors like him through our ministry.

I have been encouraged by the response to the Islamic evangelism seminars I have held in churches across the US and Canada. Let me know if you would like one at your church.

Finally, our son Tristan will graduate from high school and stay in the States when we return to Senegal. He is pursuing a career in aviation and already has about six hours of flight time. Please pray as we seek the best path to his commercial license, and please pray especially for Julie as our first child stays behind.

Joshua Mead
Galatians 2:20
