MARCH OF 2026

Dearest Prayer Warriors:

We continue to pray that the Lord will send us a Revival. "Revive us again, o Lord!"

EDUCATIONAL MINISTRIES: We praise the Lord for making His presence so real to us as we recently came together to worship and give Him thanks for the celebration of the 30th anniversary of our **Christian School** and the 49th anniversary of our **Ebenezer Baptist College & Institute**. **PRAISE THE LORD!**

"The missionaries have taught us how to read, but Mao (Tse Tung) has given the Chinese people the books to read". These were the poignant words of a Chinese man, during the Chinese Revolution, when a startled missionary had asked him why "the communist takeover" was suddenly forcing all the missionaries to either give their lives or flee away the country for their lives!

All throughout our ministry for the Lord here in Brazil, we have given our lives to plant Bible-believing, doctrinally sound, and evangelistic hearted local churches, while at the same time putting our very best effort to seize on the opportunities that a Christ-centered educational ministry most certainly provides.

OUR CHRISTIAN SCHOOL

During these fruitful last 30 years we have seen well over 500 students coming from Roman Catholicism, Spiritism, and many other *"isms"* to know Jesus as their Lord and Savior. We are thankful that the Lord has used us to disciple them and strengthen their faith so that they can go out and proclaim the Gospel of Christ to their families, relatives, and many others. Many of them are serving in their Local churches as a new generation of faithful and purposeful followers of Jesus Christ, while some others, like **Victor**, have accepted the calling to serve the Lord as pastors. **Larissa**, a single young lady, has been serving the Lord as a missionary on the Faroe Islands, Denmark. **PRAISE THE LORD!**

PLEASE HELP US! We have just one more step toward finishing our Christian School Expansion Project and to be granted a City Department of Constructions Permit to operate our new classes. Because the CDC required the "installation" of an elevator and of some other classroom equipment (electronics, A/C units, etc.) now we need to change our old electrical standard station to a new one that must meet the **C5 standard electric grid**. Thus, updating the wiring, main switchboard, etc. must be done too.

Our family has given and also challenged our Brazilian people to give love-offerings, donate items for yard sales, sell pizzas (I have sold 80 of them myself!), and any possible way to raise the funds we need to finish the building project. However, despite the best efforts of all of us, the awful economic situation in Brazil has not helped us at all. We still need the Lord to provide for the school **some \$23,000**. So, any help you feel the Lord is leading you to contribute toward our school's need will be greatly appreciated.

We express our heartfelt gratitude for your faithful support. May the Lord greatly bless you.
